Learning Community Hanze East Africa Hub

<https://www.hanze.nl/en/collaboration/hanze-centre-for-development-cooperation/hanze-east-africa-hub>

Are you interested in other cultures, and how can you put your learned knowledge and expertise into practice in a completely different context? Then we have some exiting assignments for you!

The Hanze East Africa Hub is part of the Hanze Centre for Development Cooperation (HCDC). The HCDC has been active in capacity building on the African continent since 1995. For nearly 30 years, the HCDC has built a large network with educational institutions in Tanzania, Kenya and Uganda, among others. The HEAH is a meeting place where companies, educational institutions and the government work together to find innovative solutions to (interdisciplinary) issues.

We are looking for Hanze students who seek the challenged to work assignments of East African business (sometimes with Dutch roots), possibly in cooperation with students from local educational institutes. Assignments vary from engineering, energy transition, business development to health. The HEAH focuses on the themes: Energy, Food, Health and the cross-cutting themes like Business, IT and Communication. The choice of these themes is based on the problems in the region, the demand from companies and the expertise of the HEAH.

Thinking together

If you find the above processes interesting but do not see an internship and/or research assignment that matches your study or interests, please contact us.

We value your input and viewpoint and are happy to think along with you!

Details	

What are we and where can you find us?

ENTRANCE is a learning knowledge community, in which students and teacher researchers from various programmes work together with researchers, companies, governments and civil society organisations to accelerate the energy transition. ENTRANCE is the place where, as a student, you work together with lecturers, researchers, businesses, governments and/or civil society organisations on complex issues. We do this at the following locations:

- Location Proeftuin, Zernikelaan 17
- Location Energy Academy Europe, Nijenborgh 6.

What do we offer?

ENTRANCE offers you a multidisciplinary, inspiring learning, working and research environment in which you can develop the competencies needed to shape and accelerate the energy transition. There is room for collaboration with professors, researchers, lecturers and the professional field. In addition, you will be supervised by professionals who are part of the ENTRANCE Learning Communities (ELC).
